

SNF PRODUCT NAME: FLOCARE ET 1737 GPG

GENERIC NAME: POLYQUATERNIUM 37, PROPYLENE GLYCOL DICAPRYLATE / DICAPRATE, PPG-1TRIDECETH-6

MATERIAL DESCRIPTION: DISPERSION IN SYNTHETIC OIL

| | UNIT | SPECIFICATION | QC |
|--|------|-----------------------|-------|
| 2% WHITE PASTE VISCOSITY - 20 rpm | cP | 20000 - 40000 | 1807A |
| NON VOLATILE SOLIDS | % | >= 85.0 | 1050A |
| 1,5% WHITE PASTE VISCOSITY (RVi, 20 rpm - 25°C) | cP | 10000 - 40000 | 1846A |
| BULK VISCOSITY | cP | 300 - 2000 | 1010A |
| 2% WHITE PASTE pH | | 3.2 - 4.8 | 1837A |
| VISUAL ASSESSMENT | | | 1851A |
| APPEARANCE | | liquid dispersion | |
| PRODUCT COLOR | | white to off-white | |
| CHARACTERISTICS | | highly fluid. viscous | |

If the # symbol appears in the 'QC' column, then the data on that line is given for information only, and does not constitute a specification.

If ND appears in the result column, that means under the limit of detection.

For personal care ingredients, the generic name is corresponding to the INCI name.
